

PREFORMED FLEXIBLE BARS AS PER DRAWING

TEKNOMEGA have the capabilities to manufacture COFLEX INSULATED FLEXIBLE BARS bent and punched as per the customer's specific requirements.

This is convenient in the event of a "series" of production of "standard" electric panel boards and/or equipment.

The use of CUSTOM PREFORMED INSULATED FLEXIBLE BARS makes it possible to optimize the wiring time and to eliminate excessive waste material.

TECHNICAL FEATURES

Material: Stel 140HV

Finishing: Electrogalvanized

ADVANTAGES

Constraint of laminate

Surface of connection with uniform pressure

High strength fixing

FIXING PLATES
